

Could your child use homework help?

Do you want your child to learn good character?

Does your child enjoy activities?

Beacon is a program designed to provide homework support after school in a safe environment. Children are provided a daily snack, a multitude of activities and homework help.

If your child or student(s) could benefit from the Beacon program, please contact:

Providing Support

Service Oriented

The Beacon After School Program began as a ministry several years ago at Trinity Lutheran Church. Beacon currently serves children in grades K-6 from Ashland City Schools.

Mission Statement

- We strive to reach children who might otherwise "fall through the cracks."
- Elementary-aged children from Ashland City Schools are referred to us by school liaisons and teachers.
- Our curriculum includes Bible lessons, crafts, recreation, homework time, outreach, special guests, and a healthy snack in a safe and loving environment.
- We help guide each child's moral compass in a loving and Christian manner.

Planting flowers for the elderly.

Doing homework.

Eating a healthy snack.
